## The Democratic Ticket.

IN THIS ISSUE we present the Democratic tickets of each precinct in the county, as certified in to the Board of Election. Look them over carefully; they are an array of intelligent citizens that command your consideration for the offices they seek to fill. We are proud of the fact that it is unanimously said that the county and other officers that have served us, coming out of the Democratic ranks, have never betrayed the trust reposed in them, and have filled the offices with marked ability.

Look down over this list and thoroughly consider them that are of your town and township to be voted for by you to fill the offices so close to you.

Remember that in councilmen of your town and trustees of your township there lies a most important duty, involving the custody of your tax investment. Remember they are guardians of your money, entrusted to them to economically disburse it for the most good to the most people. In their careful administrations lie the secret of moderate taxation.

Also, the responsible positions of members of school boards. We submit men in whom we have much confidence, and men that their neighbors can recommend. They are willing to assume the responsibility of directing the means of educating your children; the means of furthering the impregnable wall of free schools and further educated citizenship, the bulwark of our national independence and pride. Carefully consider their special qualifications, and choose aright for the best interests of your schools.

The offices of Justice of the Peace, Constables, Mayors and Marshals are wholly executive and ministerial. They are to preserve the peace of the community. They have naught to do with spending the money paid in by taxation. You must look to them for protection against the person that seeks to trespass on the rights of the individual or the rights of society. Their policies, their vigilance means much to a community. We have looked over the list of Democratic aspirants for these places, and we believe the voters of Hocking county may safely place confidence in them.

The Treasurers and Clerks of townships and towns are merely clerical. In them you want honest men and business men. Men that can transact the duties imposed upon them carefully and speedily. Good accountants, well educated men make good treasurers and clerks, if they are honest men and accommodating. We ask the voters of each township and town to carefully consider the qualifications of the Democratic nominees for Treasurer and Clerk in your precinct. We believe them all to be good men for the positions.

When the assessor comes around in the "spring time, gentle Anna," is the time the man of the home, the owner of the house-hold, the horse and the hog,

is interested in having brains under the hat, of the man with the big book. You elect your assessors this fall for two years, and it is important that you know what you are doing. Like the Democrat always and everywhere that we are, we of course have confidence in the intelligence and special qualification of our nominees. We have carefully looked over the list of assessor nominees all over the county and believe our party has chosen well, the men whom they want to fix the valuations of their belongings. You want to select a man that you believe knows a horse when he sees it, and that will fix equal values intelligently on all like chattels. You want a man that will give you a square deal along beside the man that might be more wealthy and more influential. The assessor is an important factor in the great political fabric of this country, and it is wise to weigh well the importance of your choice and look to the qualifications of the man. We recommend for the favorable consideration of the voters in every precinct, the Democratic nominee. We believe there is not a weak man on the list.

All we ask generally of the voters throughout the county is have them scan the Democratic ticket carefully, and we have confidence in the result.

## D. V. Thurness, for Mayor.

IN THE SELECTION of a man for Mayor of Logan it is incumbent upon our people to remember that the next two years our town will be making history. The increased industries of Logan will more than double our population, and it will require a thorough business man in the chief executive chair to be equal to the duties pressed in upon him. Mr. D. V. Thurness, Democratic candidate for Mayor, is one of Logan's responsible business men, who has been allied with the business interests of Logan for many years, and has taken active part in advancement of Logan always. As a member of the Board of Trade he has always worked for a greater Logan and certainly deserves favorable consideration at the hands of our people for whom he has done so much.

Mr. Thurness has kindly outlined his platform for us and the people to ponder over, and weigh each paragraph that goes to make up a worthy chief executive of our city.

We here with submit his policies signed by himself, and we are assured that they will meet the approval of a majority of the voters of Logan.

### PLATFORM OF CANDIDATE THURNESS.

Editor DEMOCRAT-SENTINEL: In response to some requests to state the policies which shall govern me in the administration of the office of Mayor of Logan, if elected to that position, I beg to state that, in the event of my election, I shall endeavor in so far as I can personally or have authority officially, so to direct affairs as that my administration shall be business like, economic, clean and orderly.

I shall insist upon the observance of, and enforcement of all laws and ordinances with out fear, favor or affection.

I have taken an active part on all Board of Trade committees to assist in securing industries for Logan, and if elected Mayor will continue my personal efforts and the powers of the office to make Logan a greater and better town.

As a lifetime business man of Logan, I have the interests of the town at heart and will endeavor to apply my business experience in giving the people a business administration.

In conducting the office of Mayor, I shall always keep in view the interests of labor as well as the business and property interests of the town.

I desire to thank the citizens of Logan for the encouragement which they have given me thus far in this contest.

D. V. THURNESS.

The wedding took place at the home of the bride's uncle, Joseph Heinman, in Columbus at the noon hour, Rabbi Confield performing the impressive ceremony. About thirty guests were present, being largely the immediate families of the contracting parties. After the ceremony, which was couched in the highest ritualistic rights of the church, was performed, the guests sat down to a most fitting wedding dinner.

Mr. Eichel is of German birth, having lived in this country about six years. He came from Chicago to Logan, and has been engaged here for some months as head baker at Frisch Bros. His bride is a most charming Chicago girl, and is making many friends in Logan.

### Golden Wedding

One of the most pleasant events of the season perhaps, was enjoyed down in Riverdale on Hocking street, this city, Monday, October 21, 1907, where there had gathered a large number of the friends, old and young, from country, town

and village, of Rev. and Mrs. Noah Lohr. They all came with baskets well-filled with good things to eat from Bloomer girl candy on up the scale to the top, the "good old pumpkin pie." The occasion of this happy time, the fiftieth anniversary of the marriage of Mr. Noah Lohr and Mrs. Rebecca Tripp, which had taken place October 21, 1857, when Rev. Jeremiah Redferh pronounced them husband and wife. The friends had "chipped" in and a beautiful Morris chair was presented to them. Father and Mother Lohr were active in the days when the itinerants itinerated, often traveling more than a hundred miles to "fill their appointments," the preaching places being largely in private houses, barns and the log school-houses. Rev. Lohr was in a reminiscent mood and entertained the four preachers who were present, with many incidents of "old time revivals." Eighty-nine persons ate dinner and did their best to clean up what had been brought in, but failed. After dinner was over, the pastor, Rev. Willis, called order and gave a short talk and presented the chair with the good wishes of their many friends. We gleaned from this talk the following points: Noah Lohr was licensed to preach at Otterbein church, Fayette county, Ohio, October 4, 1851, by Bishop D. Edwards, and was ordained at Westerville, Sept. 29, 1854, by Bishop J. J. Glossbrenner.

From 1851 to 1888, he was constant in the ministry except three years which he spent in defense of his country as a soldier from 1861 to 1863.

Rev. White of the M. E. church led in prayer, and Rev. J. B. Mathias followed with some fitting reminiscences and the pastor sang a solo: "The Old Parson," to all of which Mother Lohr responded with a capital speech. Then Rev. J. O. Geiger pronounced the benediction very tenderly and we left the old couple to talk and muse till their Father calls them, hence, Father Lohr is in the 85th year of his life and his good wife in her 75th year. From abroad was Mr. John Tripp and son, Boyd, from Shelbyville, Ind., the former a brother to Mrs. Lohr, Mrs. Elizabeth Livingston, a sister of Hamden, Ohio, Mrs. Hattie McFall, a daughter from Haydenville, Mrs. Sarah Emarine of Locust Grove, a daughter of father Lohr. A beautiful substantial cane, a gift from Mr. John Tripp, supports Father Lohr now.

### Progressive Euchre

Mrs. Ambrose Bowen, Mrs. Jeffries and Mrs. Bert Stedem gave one of the most delightful card parties of the season at the home of Mrs. Bowen, Thursday night. Ten tables of players were present and enjoyed some very exciting games. Mrs. Milt Martin was the winner of the first prize, a beautiful cut glass dish. Miss Westenhaver took second prize, a set of etched glasses. Mrs. Will Keynes won third, a nut bowl. A very palatable prize was given to all in the form of a two course luncheon which was served in a very dainty manner by these popular hostesses. The out-of-town guests were Mrs. Levi McDowell, of Nelsonville, Mrs. Kate Dodson and Miss Clara Fimmie, of Lancaster.

As a continuation of the success of Thursday evening, Meadames Bowen, Jeffries and Stedem gave another of their delightful card parties Friday evening and many exciting games were played throughout the parlors of the Bowen home and the beautiful fall decorations of leaves and scarlet geraniums formed a picture of loveliness and occasioned many compliments from the guests, who were all gowned in their most beautiful creations to honor the occasion. The prizes were many and very lovely. Miss Virginia Welty securing first, a cut glass dish. Mrs. Dr. Ed. Campbell, second, set of etched sherry glasses. Mrs. Charles Recktenwaldt, third, solid silver spoon. Consolation, Miss Robbin Rochester, an egg beater. After the awarding of prizes an elegant two course lunch was served. The out-of-town guests were Mrs. Dr. Welch, Mrs. John Monahan and Miss Poston, of Nelsonville, and Mrs. Will Douglas, of Corning, O.
